Dear Mr Johannesen

AMENDED DECISION NOTICE

RPI19/007 Rio Tinto – Elyse

(Given under section 56 of the Regional Planning Interests Act 2014 (RPI Act))

The Department of State Development, Infrastructure, Local Government and Planning (DSDILGP) advises that the request to amend the regional interests development approval for a resource activity: mining and other resource activities for the Rio Tinto Elyse project in the Cape York strategic environmental (SEA) has been approved. The site is described as Lot 21 SP269704.

Assessing Agencies

Agency	Area of regional interest
Department of Environment and Science	Cape York strategic environmental (SEA)
Department of Regional Development, Manufacturing and Water	

Reasons for the decision

DSDILGP has determined that the requested amendment meets the required outcome for the SEA assessment criteria, as it will not result in a widespread or irreversible impact on an environmental attribute of the SEA.

The attached Amended Regional Interests Development Approval confirms the nature and extent of the resource activity the subject of this approval. Conditions include matters relating to the location of the resource activities, the returning of disturbance areas to a pre-disturbance condition, the decommissioning of drill holes and the recording of complaints received.
