### **Public notification requirement**

You are advised that it has been determined that the above assessment application requires notification under the RPI Act, Part 3 and Division 4. The reason for the decision is that the delegate for the chief executive has determined that it is in the public interest for the application to be publicly notified.

Section 35 of the RPI Act requires the applicant to publish a notice about the assessment application in the way prescribed in section 13 of the *Regional Planning Interests Regulation 2014* (RPI Regulation) and give the owners<sup>1</sup> of the land notice about the application.

Notification must commence within 20 business days of the date of this letter. The notification period is 15 business days.

The approved form for notification is available on the department's website here:

<http://www.dilgp.qld.gov.au/planning/regional-planning/rpi-act-forms-guidelines-and-fact-sheets.html>

Refer to *RPI Act Guideline 06/14 notification requirements under the RPI Act* for further information.

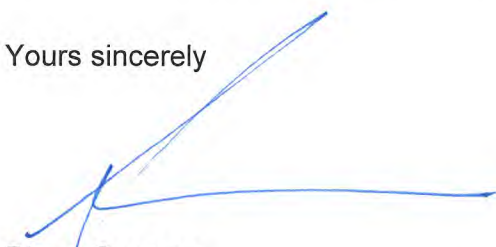

### **Information Requirement**

You are advised pursuant to section 44 of the RPI Act that further information is required. Further information is required in order to assess the application against the assessment criteria contained in Schedule 2, Part 5 of the RPI Regulation. The requested further information is detailed within Attachment A.

The period in which you must provide the requested information is a maximum of 12 months from the day you receive this notice. You may request an extension to this period if necessary.

If you require any further information, please contact Tim O'Leary, Development Assessment and Advisory Team on 3452 7683 who will be pleased to assist.

Yours sincerely

**Steve Conner**

Enc – Attachment A – Information required for assessment against SEA criteria

---

<sup>1</sup> *Owner* of land is defined in the RPI Act and means the person who is entitled to receive rent for the land, or the lessee of a lease issued under the *Land Act 1994* for agricultural, grazing or pastoral purposes.

## ATTACHMENT A

### Information required for assessment against the SEA Criteria

#### In relation to the RPI Regulation, Schedule 2, Part 5 Required Outcomes

1.	<p>The proposal plans contained within the supporting application material do not sufficiently identify the extent of the proposed activities. Please provide dimensions of the overall footprints for each of the proposed wells and the borrow pits on legible proposal plans. Overall X and Y axis is sufficient for each.</p> <p>In addition, provide the footprint of the Channel Country SEA – designated precinct on the plan or plans.</p>
2.	<p>Section 2.3 of the Assessment Report (lodged in support of the application) addresses access tracks, noting one 'of these access tracks follows a pre-existing seismic line route'. Please identify the access track referred to and explain how the other access track route was arrived at. (Note: applicants typically provide a plan to identify the route options that were explored).</p>
