#### Decision

Outcome	Approved, subject to conditions
Date of decision	25 August 2020

## Reasons for the decision

---

The resource activities meet the relevant criteria for approval as contained in section 49 of the *Regional Planning Interests Act 2014*, including the relevant required outcome for the PAA as contained in the Regional Planning Interests Regulation 2014.

The resource activities will not result in a material impact on the use of the property for a priority agricultural land use (PALU), as it has been determined that they will not be located on land used for a PALU.

## Conditions of approval

---

The attached Regional Interests Development Approval (RIDA) confirms the nature and extent of the resource activities the subject of this approval. Conditions include matters relating to the location of the resource activities, the rehabilitation of disturbance areas, the retaining of records, the recording of complaints received and keeping a copy of the RIDA on site at all times.

It is considered that by imposing conditions, impacts of the approved resource activities on the PAA will be appropriately managed.
