Subject: Request for extension of due date to the First Requirement Notice

Follow Up Flag: Follow up
Flag Status: Flagged

Good afternoon Morag

As discussed via telephone call this afternoon, we are seeking a 20 business day extension to the due date for the first Requirement Notice received on 13 May 2021, regarding RIDA application, RPI21/025 Arrow – Surat Low Pressure Header Pipelines.

The reason for this extension is to allow time to complete the soil analysis and completion of a soil assessment report, following the recent soil sampling survey. As also discussed, the soil survey had been subject to multiple delays due to covid-19 lockdowns and wet weather earlier in 2021 and hence why we require some additional time to finalise our response.

A 20 business day extension to the 13 September 2021, would allow us to provide a response to both the first Requirement Notice, the second Requirement Notice (received on 20 July) and the email of 27 May requesting additional information.

I look forward to receiving a favourable response concerning this request.

If you require any further information, please do not hesitate to contact me.

Kind regards

Andrew Hall
