Dear Ms Dunlop

DECISION NOTICE

RPI21/031 Santos – Hector South East 2

(Given under section 51 of the Regional Planning Interests Act 2014 (RPI Act))

The Department of State Development, Infrastructure, Local Government and Planning (DSDILGP) advises that the application made on 5 November 2021 and amended on 3 February 2022 for a regional interests development approval for resource activity: petroleum and gas for the Santos – Hector South East 2 project in the Channel Country strategic environmental area (SEA) has been approved. The site is described as Lot 2528 on PH429.

Assessing Agencies

Agency	Area of regional interest
Department of Environment and Science	Channel Country strategic environmental area
Department of Regional Development, Manufacturing and Water	

Reasons for the decision

DSDILGP has determined that the resource activities meet the required outcome for the SEA assessment criteria, as it will not result in a widespread or irreversible impact on an environmental attribute of the Channel Country SEA.

The attached Regional Interests Development Approval confirms the nature and extent of the resource activity the subject of this approval. Conditions include matters relating to the location of the resource activities, minimising the diversion of overland flow, contaminants not being released, implementing erosions and sediment controls, returning of disturbance areas to a pre-disturbance condition and the recording of complaints received.
