

## REGIONAL INTERESTS DEVELOPMENT APPROVAL (RIDA)

### RPI16/007/Arrow Tipton – Longswamp Gathering Project

(Given under the *Regional Planning Interests Act 2014* section 53)

#### Description of the land

Real property description: Lot 2 on RP111930  
Local Government Area: Western Downs Regional Council

#### Approved activities

The approved activities are the resource activities as set out in Table 1 below.

A definition of the resource activity is included in **Attachment 1**.

This development approval authorises impacts on a strategic cropping area (SCA) and the priority agricultural area (PAA) by the approved activities.

**Table 1: Approved activities**

Areas of regional interest	Location	Resource activity	Area of disturbance
Strategic Cropping Area Priority Agricultural Area	Lot 2 on RP111930	Gathering pipelines	0.068 ha

## General Advice

This approval does not relieve the applicant of the obligation to obtain all approvals and licenses from all relevant authorities required under any Act.

## Regional interests conditions

A person who is the holder of, or is acting under, this RIDA must not contravene a condition of this approval.

Condition number	Condition	Timing
1.	Carry out the approved activity and disturbance of land generally in accordance with: <ul style="list-style-type: none"> <li>The activities identified in Table 1: Approved activities</li> <li>The activities defined in Table 2: Definitions of Activities</li> <li>The approved plan: Figure 1: <i>Appendix E: Site Plan – Longswamp Gathering prepared by Arrow Energy dated 14 February 2017 by Queensland Government, as amended in red.</i></li> </ul>	At all times
2.	Restore the disturbed area to its pre-activity condition.	Within 2 months of completion of construction
3.	Buried linear infrastructure and any material (other than topsoil or subsoil) such as gravel, concrete or sand encasing the infrastructure, must be located at a minimum depth of 900 mm.	At all times
4.	<p>a) Take photographs of the pre-disturbance site conditions of the disturbance areas; and</p> <p>b) Take photographs of the post-restoration site conditions demonstrating that the impacted land has been returned to its pre-activity condition; and</p> <p>c) Provide to the chief executive evidence of the pre-disturbance and post-restoration site conditions in accordance with parts a) and b) of this condition to: <a href="mailto:RPIAct@dilgp.qld.gov.au">RPIAct@dilgp.qld.gov.au</a>.</p> <p>The notification to the chief executive must state the application reference number.</p>	<p>a) Prior to commencement of activities</p> <p>b) After restoration</p> <p>c) Within three months of completing all restoration works</p>

Condition number	Condition	Timing
5.	<p>a) All complaints received, and resulting actions taken, about the impact of the approved activities on the attributes in the SCA and PAA must be recorded. The record must include:</p> <ul style="list-style-type: none"> <li>i) name, address and contact number of the complainant</li> <li>ii) time and date of complaint</li> <li>iii) reasons for the complaint</li> <li>iv) investigations undertaken</li> <li>v) conclusions formed</li> <li>vi) actions taken to resolve the complaint</li> <li>vii) any abatement measures implemented</li> <li>viii) person responsible for resolving the complaint.</li> </ul> <p>b) The records of any complaints received and recorded in accordance with this condition must be provided to the chief executive within three business days of receipt of the complaint.</p>	At all times
7.	A full copy of the regional interests development approval is on-site and available to any person(s) contracted to undertake the approved activity.	For the duration of activities subject to this approval

## Attachment 1: Definitions

Resource activity	Definition
Gathering pipelines	Construction, commissioning and operation of approximately 10m of buried HDPE gathering pipelines that allows for the transfer of both gas and water within a 30m wide Right of Way (RoW). Carry out regular inspections of the condition of the RoW and signage. Carry out maintenance as required. Monitor restoration activities as required.
