**Public notification requirement**

You are advised that it has been determined that the above assessment application requires notification under the RPI Act, Part 3 and Division 4. The reason for the decision is that the site specific land uses have not previously been sufficiently publically advertised.

Section 35 of the RPI Act requires the applicant to publish a notice about the assessment application in the way prescribed in section 13 of the *Regional Planning Interests Regulation 2014* (RPI Regulation) and give the owners<sup>1</sup> of the land notice about the application.

Notification must commence within 20 business days of the date of this letter. The notification period is 15 business days.

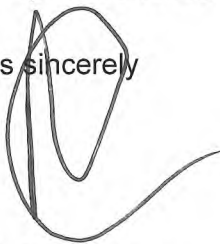

The approved form for notification is available on the department's website here:
